

*Oh what fun it turned out to be  
 On holiday in Greece with YCTC  
 22 people under the command  
 Of captain Nigel and first mate Jan*

*All excited as we land  
 Through the airport not as planned  
 Baggage handlers on their break  
 Looks like we are in for a bit of a wait*

*Nigel Geoff John and Paul  
 Then had the task of organising us all  
 A quick trip to the shops for wine gin and beer  
 No room on board for anymore sailing gear*

*Tranquilizer despite all her strong crew  
 Around the furling drum the sail flew  
 A captains meeting had to be had  
 To see if this was really bad*

*Bunny Girl was soon away on her own  
 When the rest were all mooring at the right zone  
 Mike came over the radio loud and clear  
 Put his foot in and announced the surprise party for Jan 50th year*

*Phoebe B made no mistakes until the last day  
 When a knot was not knotted which sent the fender astray  
 A perfect recovery is now needed*

*"My reputation's at stake" her skipper pleaded*

*Moonshine at sea with her fenders on show  
And a blocked holding tank, so no one could go  
Spike in the water hosepipe in hand  
The smell that came out wasn't half grand*

*Back to port with all faces glum  
Thanks to Nigel and Jan for a job well done  
As for Nigel what can we say?  
Left at the airport for another week away*

*The week has now gone and oh what a ball  
Sunburnt and aching but a great time had by all.*
